

BioStar X Launch Promotions

We are excited to introduce BioStar X, the next generation of access control software with enhanced features and capabilities. To help your customers transition to this powerful new platform, we are offering special promotional pricing and free upgrade programs throughout 2026.

1. Early Bird Promotion

- A. Promotion: Customers will receive **50% off** the current price.
- B. Valid: Until June 30th 2026
- C. Exception: Remote Access is **not included** in this promotion.

2. Free Migration

- A. Promotion: Customers will receive a **free upgrade to the corresponding BioStar X licenses** for any BioStar 2 AC, TA, and Visitor licenses they have already purchased.
- B. Valid: Until December 31st 2026

1. BioStar 2 AC license migration to BioStar X

BioStar 2 Access Control (AC) licenses can be migrated to the corresponding BioStar X licenses at no additional cost under the Free Migration program. Based on the customer’s existing BioStar 2 Access Control (AC) licenses, the corresponding BioStar X licenses to be provided under Free Migration should be determined according to the table below. The migrated licenses will deliver equivalent access control functionality in BioStar X.

BioStar 2 AC License	BioStar X Corresponding License (Base and Add-on)	Key Capacity Benefit in BioStar X	Licenses to be provided (part numbers)
BioStar2-Starter (Max. 5 Doors)	N/A	N/A	N/A
BioStar2-Basic (Max. 20 Doors)	① Essential (Door up to 32, User up to 1,000, Operator up to 10)	Increases to Max. 32 Doors (20 → 32 Doors)	BIOSTARX-ESS
BioStar2-Standard (Max. 50 Doors)	① Essential (Door up to 32, User up to 1,000, Operator up to 10) ② Door Capacity Upgrade (+32 Doors)	Increases to Max. 64 Doors (50 → 64 Doors)	BIOSTARX-ESS BIOSTARX-UP-DOR BIOSTARX-PKG-AAC

5. Free Migration License Policy

This policy ensures a controlled and fair migration process by avoiding license duplication and by granting only equivalent functionality, rather than automatically expanding the customer's licensed features.

1. **After the upgrade, BioStar 2 licenses must be disabled:** Once the system has been migrated to BioStar X, the existing BioStar 2 licenses must be deactivated to prevent duplicate or parallel use.
2. **Only licenses equivalent to the customer's existing usage will be provided:** During Free Migration, it is not necessary to grant all possible BioStar X licenses. Instead, the customer's current BioStar 2 usage should be reviewed, and only the BioStar X licenses corresponding to the features they were actually using will be provided.
